Summary

I am a motivated and detail-oriented individual with a passion for software development. Currently pursuing a degree in Computer Information Technology with a minor in Economics at California State University, Northridge, I am also working towards a certificate in AI/Machine Learning Program at Qwasar Silicon Valley. My experience in customer service and machine operation has honed my attention to detail. I possess knowledge of JS, Python, C, and Java and am eager to expand my skills in software development.
